

SEPARATING AND DISPOSING GARBAGE IN KAMOGAWA CITY

ARCHIVE VERSION
Issued on February 2024

USE DESIGNATED BAGS AND PROPERLY SEPARATE YOUR GARBAGE

Charge for combustible garbage (beneficiary payment system) - Garbage reduction and recycling - Toward a resource recycling society

Designated Bags	Waste Categories	Collection Days (refer to your calendar and write the days below)	Examples	Disposal Guidelines
BURNABLE WASTE	① BURNABLE Kitchen waste, waste paper, plastic, rubber, shell, etc.	EVERY WEEK <input type="text"/> AND <input type="text"/>		<ul style="list-style-type: none"> ● Please cut grass, branches, etc. into pieces less than 50 cm in length and less than 10 cm thick. ● Compost grass, twigs, and kitchen scraps as much as possible. ● Do not throw with recyclables and nonburnable garbage. ● Drain water from kitchen waste. ● Dispose of cooking oil by soaking it in napkins or chemically solidifying it. ● Clean soiled diapers before disposing them. ● Cut rope and vinyl hoses into 50 cm pieces before throwing. ● Cut sheets into 50 cm square pieces. ● Files, albums, etc. should be removed and put out with the metals.
	FEES APPLY			
NONBURNABLE WASTE	② METAL Cooking supplies, electric devices, scissors, wire, razors, hangers, umbrella frames, lighters, electric thermometers	The 2nd and 4th <input type="text"/>		<ul style="list-style-type: none"> ● Wrap sharp metal objects (scissors, knives, razors) in paper, write the contents. ● Make sure there is no gas left in any lighters before throwing. ● Remove batteries from electric appliances. ● Remove vinyl from umbrellas and throw out with burnables. ● Paint or spray cans should be empty and washed before disposing.
	③ GLASS • CERAMICS Glass, cups, light bulbs, glasses, mirrors, plates, vases, flowerpots, cosmetic containers, etc.	The 2nd and 4th <input type="text"/>		<ul style="list-style-type: none"> ● Dispose of fluorescent lights as hazardous waste. ● Broken glass and other dangerous objects should be wrapped in paper. Write the contents on the paper. ● Stone bath mats (that contain asbestos): contact the store where you bought them.
	④ HAZARDOUS Fluorescent lights, thermometers, mercury lamps, etc.	<input type="text"/>		<ul style="list-style-type: none"> ● Dispose of fluorescent lights to stick out if they cannot fit in the bag. Be sure to seal the bag. ● Dispose of fluorescent lights in the container they originally came in with. This will reduce breakage.
	⑤ CANS Drink cans, food cans, spray cans, seasoning cans, gas canisters, etc.	The 1st, 3rd, and 5th <input type="text"/>		<ul style="list-style-type: none"> ● Remove contents, rinse, and crush before throwing out. ● There is no need to separate aluminum and steel cans - you can put them in the same bag. ● Please release gas from spray cans before disposing them.
RECYCLABLE WASTE	⑥ BOTTLES Drink, food, and seasoning bottles, etc.	The 1st and 3rd <input type="text"/>		<ul style="list-style-type: none"> ● Dispose of the cap separately (burnable or metal). ● Remove the contents and rinses. ● Cosmetic bottles are to be disposed of with glass and ceramics. ● Consult with the store of purchase regarding medicine bins. ● Cover broken bins or glass with paper, dispose with glass and ceramics.
	⑦ PET BOTTLES Drink bottles, Seasoning bottles (as long as there is no oil)	On the <input type="text"/> and <input type="text"/> Wednesday		<ul style="list-style-type: none"> ● Only recycle bottles with the "PET" mark. ● Remove the cap, drain contents, and rinse bottles before recycling. ● Dispose of plastics with the "プラ" mark as burnable waste. ● Dirty or stained bottles are considered burnable.
	⑧ BATTERIES Alkaline batteries, manganese batteries, rechargeable batteries, lithium batteries	The 2nd and 4th <input type="text"/>		<ul style="list-style-type: none"> ● Return rechargeable batteries and watch batteries to an electronics store. ● There are battery disposal boxes available at City Hall, Fureai Center, Community Centers, and Branch Offices.
SECURELY TIE WITH CORD	⑨ PAPER Newspaper, magazines, cardboard, paper drink packs, miscellaneous paper	On the <input type="text"/> and <input type="text"/> Wednesday		<ul style="list-style-type: none"> ● Separate each type of paper and tie securely with cord. ● Group notices and advertisements with newspaper. ● Wet paper cannot be recycled. On rainy days, put paper in a designated recycling bag or wait for the next collection day. ● Paper packs with silver lining are burnable waste. ● You can leave the staples on paper.
	⑩ CLOTH Clothes, sheets, towel blankets	<input type="text"/>		<ul style="list-style-type: none"> ● Fold, stack, and tie the items with a cord. ● Clothes cannot be recycled when wet. On rainy days, put paper in a designated recycling bag or wait for the next collection day. ● Futons, blankets, and carpets must be disposed of as oversized garbage. ● Innerwear, underwear, and socks are disposed with burnable garbage.
	⑪ WHITE TRAYS AND STYROFOAMS The trays used in packing meat, fish, and vegetables, styrofoams	The 2nd and 4th <input type="text"/>		<ul style="list-style-type: none"> ● Remove labels and wash before disposing. ● Large items should be stacked and secured with cord. Use a designated garbage bag for smaller items. ● Do not tear the tray to pieces. ● Be sure that the trays will not be blown around by the wind on collection day. ● Stained trays are to be disposed with burnable garbage.
RESERVATION SYSTEM	⑫ OVERSIZED Household electronics, furniture, bicycles, etc. (For a specific list, see the backside of the handout)	EVERY WEEK <input type="text"/> (Excluding the 5th <input type="text"/>)		<ul style="list-style-type: none"> ● Please see the "Oversized Waste" part on the next page. ● Televisions, refrigerators, washing machines, air conditioners, computers, machines, and small appliances using fluorocarbon will not be collected by the city. (See back page for more details.) ● Even if it is written on the back page, items that can fit into designated 20L nonburnable garbage bags excluding sheets and beddings, will be collected.

- Segregate and use the designated bag for garbage, and place trash on collection location by no later than 8:30 am.
- Always seal your garbage and recycling bags tightly.
- Try to keep collection location clean and clear from stray garbage.
- It is illegal to burn trash on any property in Kamogawa City.
- Do not bring any garbage from outside Kamogawa City.

Types of Garbage bags

- Please use the designated bags by referring to "USE DESIGNATED BAGS AND PROPERLY SEPARATE YOUR GARBAGE".
- Follow the proper steps when disposing of nonburnable garbage and recyclables.
- The designated bags for the burnable garbage have a certificate stamp on it, so put them out directly to the collection location.
- Nonburnable waste and recyclables are charged only for the bag fee.

Garbage Reduction

- ※ Take time to properly sort nonburnable and recyclables from burnable waste. Let's reduce burnable waste.
- ※ Drain water from raw garbage and turn it into compost material when possible.
- ※ Do your best to finish all of your food and reduce food waste.

DISPOSING RECYCLABLES

CANS

Wash the inside of the can and then crush.

BOTTLES

Remove the cap. (Dispose the cap with burnable garbage or metal) Wash the inside of the bin.

PET BOTTLES

Remove the sap, seal, remove the content then wash the inside. Crush it with your foot. Pet bottle caps are being recycled; the collection location is the same with batteries.

BATTERIES

1. Use designated bag before disposing
2. Dispose in battery boxes located in some city facilities.
*Remove from bag and put in the box.
(Battery box locations: City Hall, Amatsu-Kominato Branch Office, Branch Offices, Community Centers, Fureai Center)
**Not available on days the facilities are closed.

NEWSPAPERS

Stack and tie with a string. (Stacks should be no more than 40 cm high)

CARDBOARD

Open and flatten completely. Stack and tie with string.

MAGAZINES

Stack and tie with a string. (Stacks should be no more than 40 cm high)

DRINK CARTONS

Wash, Cut, Stack and tie with string. Let dry.

MISCELLANEOUS PAPER (RECYCLED PAPER)

Snack boxes, empty tissue boxes, wrapping paper, paper core of toilet papers, paper packaging of canned beverages, flyers or pamphlets, note, clothing pattern. (Remove veneers and silver/metal linings) Stack and tie with string. Smaller items can be put in a paper bag and tied.

CLOTHES

All buttons and fasteners can be left attached. Pile items and tie with string. Try to keep it clean and dry.

WHITE TRAYS/STYROFOAMS

Remove labels then wash. Let dry. Stack and tie. If it cannot be stacked, use and put in the bag for recycled waste.

TRANSPARENT EGG PACKS / PS LABELED PACKS AND LIDS

Remove seal and wash before recycling. (If seal won't come off, cut with scissors)
(Recycle Boxes located at: City Hall, Amatsu-Kominato Branch Office, Branch Offices, Community Centers, and Fureai Center)

◆ If the oversized item you want to dispose of is not on the list, please contact Kamogawa Garbage Center.

Bringing garbage to Kamogawa Clean Station

Reception Time and Day

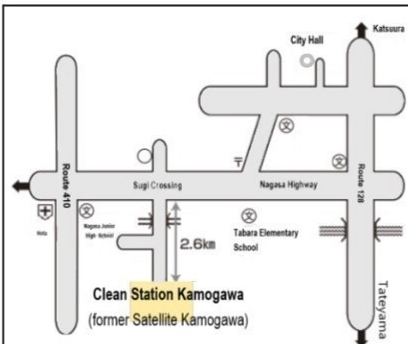

Weekdays
(including holidays)
8:30 am to 11:45 am
1:00 pm to 4:00 pm

Sundays
8:30 am to 11:45 am

Guidelines to follow

(Please cooperate with the weighing process)

- You need to show your Driver's License or ID at the reception.
- Separate all trash into appropriate categories. (Transparent bags can be used for recyclable waste)
- There will be a fee if you don't use the designated bag. The fee will depend on the weight
- If family members outside the city are bringing garbage from clean up, etc. please contact us. (Bring receipts of utility bills, mail, etc. that shows the location of the garbage pick-up.)
- Please cut grass and trees into 50 cm long and 10 cm thick. (in the amount of one light truck)
- No need for designated bag for industrial garbage. This type will be weighed and charged.
- Please be careful when passing large vehicles and passing through the site.

Fee Chart	Until March 31, 2024	From April 1, 2024
BURNABLE WASTE	10 kg – 50 yen If it exceeds 100 kg, additional 120 yen per 10 kg	10 kg – 50 yen If it exceeds 100 kg, additional 160 yen per 10 kg
SHREDDED WASTE	10 kg – 70 yen If it exceeds 100 kg, additional 120 yen per 10 kg	10 kg – 70 yen If it exceeds 100 kg, additional 160 yen per 10 kg
