Throw garbage at the right place, the right way.

Please do not throw away garbage from your home or workplace anywhere other than the designated areas. The soil and rivers become polluted. The beautiful scenery will be ruined.

If you dispose of garbage anywhere other than the designated areas, you may be punished with up to 5 years in prison or a fine of up to 10 million yen.

Be careful of grass fires.

Do not burn garbage from home by yourself. If you wish to burn grass in your field, please apply at the Kamogawa Fire Department.

- Be cautious and inform your neighbors on when and what time you intend to burn grass.
- Prevent doing it on a strong windy day.
- Do not leave unattended. If you have to, make sure to put out fire.
- Always have a fire extinguisher or water-filled buckets near you.
