April 6 to 15 is “Road Safety Campaign” week!

This is the season when children start kindergarten and go to school by walking or by riding the bicycle.

- Drivers of cars and bicycles should focus and be aware of road safety for pedestrians, especially children.
- Pedestrians should also be aware to use pedestrian crossing to avoid accidents.

■Questions: Kamogawa Police Station (Tel. 04-7092-0110)

Kisarazu Pension Office (Tel. 0438-23-7616)

Vaccinations against RSV for pregnant women are set to begin.

Vaccinations are free.

RS virus usually causes colds.

If a newborn gets exposed to the virus, health will be at risk. Symptoms include coughing, runny nose, and fever.

Once the pregnant mother is vaccinated, the baby inside the womb will be protected and immune.

- Who: those who are 28 weeks and 36 weeks and 6 days into the pregnancy
- When: starting April 1, 2026

•Medical examination form:

☆Will be given with the Mother-Child handbook when going to the Child and Family Center from April 1.

☆To those who already went and received the Mother-Child handbook before April 1, a letter will be sent.
