How to safely enjoy Fireworks.

1. Prepare a bucket filled with water, and keep it close to you.
2. Make sure to read the instructions written on the pack of the firework.
3. Do not play with fireworks on strong windy days.
4. When holding the product, do not touch the tip.
5. Do not touch the fire or put it near your face. After lighting the product, be cautious if the fire dies halfway.
6. It is very dangerous to take out the substance inside of the firework or cut the product to pieces.
