12/23 (SUN.)

12/23RD-27TH

12/8 (SAT.)

## Let's Fight the Flu!

As the air dries out, the flu is starting to spread! The flu is a step above the common cold in terms of sickness so it is better to protect yourself before you start feeling feverish, get headaches, along with the other side effects associated with the flu.

### Tips for staying healthy this flu season:

- Before travelling, it is better to get the Influenza vaccine
- When coming back from going out, wash and sanitize your hands
- While going out, try wearing a mask to prevent germs
- Eat well balanced meals and pay attention not to overwork your body
- If you feel you've caught the flu, head to the hospital to get checked out as soon as possible!

**For any questions please contact the Health Promotion Division (7093) 7111**

# IMPORTANT BULLETINS

## End of the Year Waste Disposal

At the end of every year the number of people who bring their garbage to the Kamogawa Sanitation Center swells, resulting in long waits and processing times. If you plan to bring items to throw away, please make sure they are properly separated and in the correct bags. In cases where these bags aren't properly prepared, there will be a fee for processing. We will announce our end of the year hours of operation later this month.

**Questions? Contact the Kamogawa Waste Disposal Center (7093) 5300.**
