

GETTING READY FOR THE RAINY SEASON!

Natural disasters, like landslides and flooding, are more likely to happen during the rainy/typhoon season (usually June to September). It is important that you prepare for these types of disasters before they happen. Please use the following advice to help prepare yourself for any potential disasters.

Step 1: Plan your evacuation route!

Use your phone or a computer to access the online disaster prevention map for Kamogawa City. Use this map to plan find evacuation spots near your house, school, work, etc. Also use this map to plan an evacuation route in order to avoid potentially dangerous areas.

Step 2: Protect your house!

If you see that heavy rains or strong winds are in the forecast prepare the area around your house. Secure or put away any items that may blow away in the wind. Also, clean any gutters and drains around your house to prevent flooding.

Step 3: Prepare for power and water outages!

Make sure that you have enough food and daily necessities prepared. Make sure to check that you get rid of any expired items and buy new items if needed.

What/how much to prepare:

- Water:** 3L per person, for 3 days
- Food:** precooked rice, alpha rice, canned foods, cup noodles, etc.
- Daily necessities:** toilet paper, portable gas stove gas for stove, etc.
- Light sources:** flashlight, lantern, etc.

Step 4: Evacuate when you feel in danger!

If you get an evacuation announcement for citizens to evacuate, please evacuate right away if you feel that where you currently are is in danger.

Notice about COVID-19 and evacuation

If your house seems to be safe enough, you do not have to evacuate! There are still risks of COVID-19 with large groups of people gathering. So, if you feel safe enough at home or going to a friend or loved one's house to evacuate please do so.

INFORMATION ABOUT THE COVID-19 VACCINE

The process of getting out vaccines has started in Kamogawa. It is being handled in stages and is currently available to citizens 65 years and older ONLY. If you have any specific questions about the vaccine or applying for an appointment you can contact the call center directly with concerns. Since the vaccine will be given out in stages, you have to wait until you get a coupon and information in the mail to start making reservations for vaccination.

1 Vaccine Coupon Schedule

By the week of May 10th, everyone over 65 years old will have their coupon. Everyone else will be sent their coupons in the mail in the following weeks and months.
